PERSONAL PROFILE

A Skilled Front-End Developer with expertise in technologies like React.js, HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS. Experienced in deploying responsive and dynamic web applications on platforms such as Netlify, Vercel, and Render. Proficient in using Git for version control, enabling smooth collaboration and efficient project management.

TECHNICAL SKILLS

HTML 5, CSS 3	JavaScript,	Git, Github,
Tailwind,	React Js,	Netlify,
Bootstrap, React-Bootstrap	Api Integration	Vercel

EDUCATION

- **B.E (I.T) | Monark University**
- **Diploma (I.T) | Gujarat Technological University**

WORK EXPERIENCE

React Js Developer (intern) | Softqube Technologies June 2024 - Dec 2024

- Developed and implemented interactive drag-and-drop workflows using React Flow, including custom nodes and edge designs for enhanced UX.
- Contributed to a Prompt-to-Image Generation tool using React.js, integrating API calls and dynamic image rendering.
- Actively involved in multiple projects including BlogElevate (blog platform), DigitalDen (e-commerce store), and Mark Mentor (school CRM), focusing on UI development, API integration, and performance optimization.

React Js Developer | Sudarsana Entrepreneurs Units PVT LTD (Jan 2025 - May 2025)

- Worked on CircleMeet, a real-time chat application where I was responsible for handling backend API integration, user authentication using JWT, and managing real-time messaging functionalities.
- Developed and maintained Ten-X Studio, a professional company website, implementing features like contact forms with Nodemailer for automated email responses. Fixing UI issues and enhancing the user interface for a seamless experience.
- Built IdharUdhar, a cab booking application, focusing on frontend user flow, API consumption, and map integration.
- Contributed to SeuUnits, a company portfolio website, optimizing design responsiveness, and managing backend APIs for dynamic content delivery.

PERSONAL PROJECTS

Mark Mentor | School Management System

- Developed a comprehensive web-based CRM for schools using the MERN stack, featuring modules for student records, attendance, exams, billing, and reporting. Focused on creating a responsive UI, secure APIs, and smooth user experience for school staff and admins.

Tech Stack : MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Axios, Html, Css

Blog Elevate | Blogging & News Platform

- Built a modern blogging and news platform with secure JWT-based authentication and premium content access. Designed clean RESTful APIs and responsive UI using Tailwind CSS. Demonstrated strong full-stack skills and real-world app deployment.

Tech Stack : MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Axios, Html, Css
